DETAILED ACTION

This office action is in response to applicant's arguments filed February 22, 2006.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marcus Sprow on July 6, 2006.

The application has been amended as follows in order to limit the word "fin" to its term of art as understood by one of ordinary skill in the art engaged in the design of finfets. The inclusion of the term finfet into the preamble breathes life into the term fin.

CLAIMS

In claim 1, line 1 after "forming" insert - -a finfet including- -.

In claim 21, line 1 after "including" insert - -a finfet with- -.

Allowable Subject Matter

Claims 1-16 and 21-24 are allowed.

The following is an examiner's statement of reasons for allowance: while forming a fin or channel region of a finfet by using strained material to form fins is known in the art as evidenced for example Krivokapic¹ (U.S. 6,855,583) that shows forming strained material in the trench of insulating material and then removing the insulating material, it

fails to show or make obvious forming a fin by placing strained material in a trench of compound semiconductor material and then removing the compound semiconductor including all the limitations of the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James M. Mitchell whose telephone number is (571) 272-1931. The examiner can normally be reached on M-F 8:00-4:00.
